

Let's Get Back in the Process....

Jeremiah 29:11

- We forget that God has already planned our success from before time began
- Jeremiah 1:5 He already knew us and chose us
- Success and a future hope is part of his plans not some thing that we pray for but we praise for it.
- We miss the bus in that we get out of the process.
- There are things that the Father has to work out of us and the process is the tool that he uses

- Jesus spent 40 days in the wilderness
- Moses spent 40 years on the back side of the desert and then another 40 in the wilderness
- (and still didn't make it)
- Joseph spent time in the pit, and the prison before he reached the palace.

Hebrews 12:6 God Disciplines those who he loves

John 15:1-2

- The success (fruitfulness is in the pruning) not just growing
- When you prune a fruit tree it is able to focus resources (talent/skills/ability) to the fruit (results) and not waste it on "fruitless activities

Let's get back in the process

- List the areas that Holy Spirit has identified to you that need to be trimmed
- Pray for grace to stay faithful/Consistent in the process
- Be thankful for the process
- Walk with others as they grow through the process
